

DESCRIPTION:

A simple, effective, easy to manage toilet cistern treatment and cleaning program. Reduces costs and creates an excellent value-add component for commercial cleaners.

SWEET LU foams and cleans leaving toilet bowls and systems fresh and sanitised.

Does NOT contain bleach or Paradichlorobenzene.

DIRECTIONS:

Scan the QR code to see the Sweet Lu instruction video. Remove wrapping, press-out both holes, and place standing up-right into toilet cistern. May take several hours to initially activate. Replace as required.
