Shower and Tile De-scaling Cleaner

Heavy duty acidic-based cleaning and sanitising aid to assist in the removal of dissolved solids like calcium and lime deposits from a variety of hard surfaces. Ideal as a deep-cleanser for shower and bath surfaces, especially in hard-water areas.

DIRECTIONS

Use undiluted. Spray or apply directly onto surfaces. Leave for 5-10 minutes, then scrub (if required), and rinse with fresh water. A non-scratching cleaning pad may be used to assist break up extra heavy soiling. Always test on a small area to be cleaned first, to ensure compatibility.

GOOD PRACTICE

Under Good Practice Protocol diluted solution of this product as stated provides general biostatis using internationally recognised antibacterial agents with a recommended minimum contact time of 10 minutes. Undiluted product concentration provides 10,000PPM QAC.

BATHROOMS Showers & baths
