

WATERLILLY

Neutral Reodorant

Description:

Waterlilly is a pleasantly perfumed, water based reodorant, ideally suited as a space reodorant in rooms, toilets and anywhere a pleasant residual odour is required.

Waterlilly has excellent residual properties, lasting for up to 24 hours. It will not sour; it maintains its freshness and appeal long after it was applied.

Waterlilly is non-toxic and contains only biodegradable surfactants when tested in accordance with AS 1792 - 1976 and contains no phosphates..

Directions for use:

Waterlilly can be dispensed through spray gun or by placing a small volume into the cap or similar on a ledge or in a discreet position in your toilet or ablution block.

Waterlilly can be diluted 1:5 or 1:10 with water depending on the desired effect.

Safety Information:

If poisoning occurs contact a doctor or Poisons

Information Centre. Phone New Zealand 0800 764 766.

If aspirated into the lungs, remove from exposure.

If swallowed, do NOT induce vomiting, give water to drink and seek medical attention.

If in eyes, hold eyes open, and flood for at least 15 minutes and see a doctor.

If skin or hair contact occurs, remove contaminated clothing and wash skin thoroughly with water.

24 Hour toll free emergency phone no: 0800 243 622
